

Cumulative Reporting

1. Click the patient's name.
2. Under Chart Tools, select **Cumulative Reporting**.

3. Select the custom profile or individual tests.

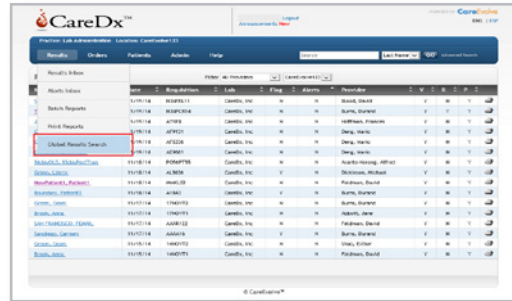

Note: Use Ctrl+Enter to select multiple tests.

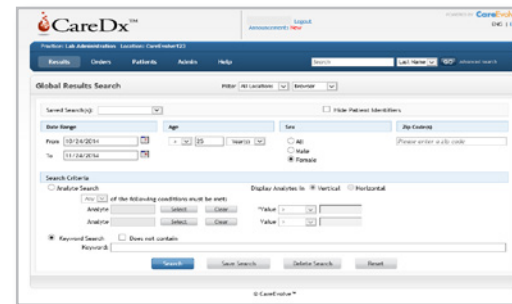

4. Enter the search criteria to include a data range or all dates, and the output view.
5. Click **Generate Report**.

Global Search Results

1. From the Results menu, select **Global Results Search**.

Note: This function also generates a Batch ID number for you to locate the associated reports.

2. Enter the search criteria.
3. Click **Search**.

Note: You can click the **Save Search** button to save the search criteria for future use. All criteria **except** Date Range (From and To) will be saved.

CareDx® Customer Web Portal

HEALTHCARE PROVIDER QUICK REFERENCE GUIDE

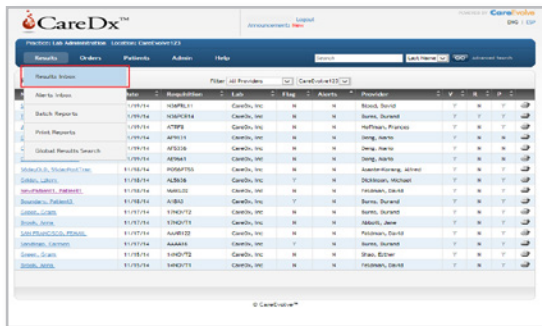

Welcome to the CareDx Customer Web Portal

This guide will assist you in navigating commonly used functions of the portal. If you have questions please contact Customer Care at: **1.888.255.6627**.

The web portal is located at **caredx.careevolve.com**

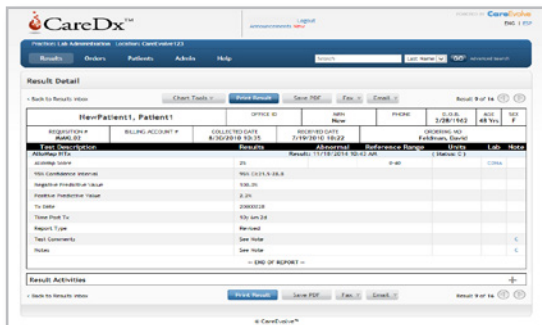

View Results

1. Click the **Results Inbox** link under the Results menu option.

2. Find the patient whose result you would like to view. **If patient is not found, go to Quick Patient Search.**

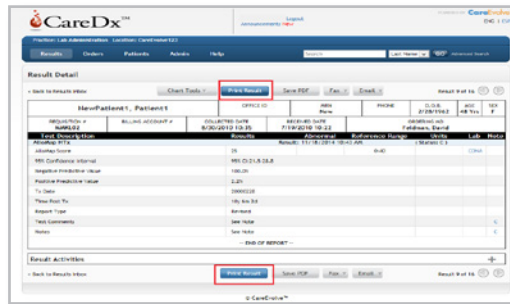

Note: When the cursor is placed over the patient's name, the tests included in the result will appear in a pop-up box.

3. Click on the patient's name. This will transition you to the patient's full report.

Single Result Printing

1. Click the **Print Result** button on the patient's report.

Note: Click the **printer icon** in the inbox to print a single report quickly.

2. The report will open as a PDF.
3. Click the printer icon or hold Ctrl+P within Adobe Acrobat to print.

Batch Printing

1. Click **Print Reports** under the Results menu.
2. Input your Report Criteria and click **Generate Report**.

Note: The Date Range for the batch cannot exceed 60 days.

3. Select the batched report and print..

Note: The Batch ID number that is created can be used to locate the reports in the Batched Reports tab, found under the Results menu.

Quick Patient Search

1. Locate the **Search** bar on the top-right hand side of the page.

2. Enter the patient's last name and click **GO**.

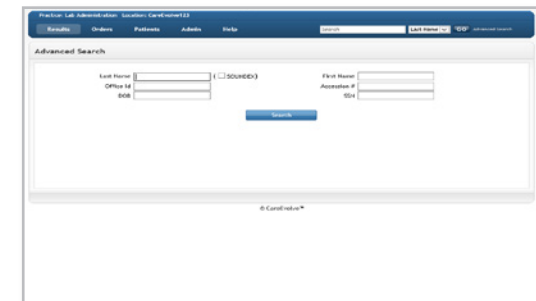

Note: You can enter either part of the last name or the last name in it's entirety to search in this manner.

3. Select the patient from the search results.

Advanced Patient Search

1. Click **Advanced Search**.
2. Enter the search criteria you have available and click **Search**.

Note: Entering all search criteria is not required.

3. Click the **patient name** to open the Order/Result List page.
4. Click the **Requisition** number to view the patient's detailed report.
